

My filming style is highly unobtrusive and has a natural feel. It is my aim to shoot only what unfolds on the day with nothing staged or set up. I adopt the stealth of a ninja, so I can capture small details that I would not be able to if people knew I was there. It goes without saying I use modern HD kit, that is not oversized.

Please have a look below to see what I offer in more detail. I am more than happy to meet up for a coffee or have a chat over the phone to discuss your wedding plans.

SOLO package price

Weekday - £1300

Weekend - £1500

What is included with the Solo Package; 10 hours of coverage

Full Wedding Film
